PANAVISION PRIMO 70 SERIES 普利莫 (顶级) 70系列镜头

Introducing the Primo 70 series lenses, the highest performance motion picture lenses ever developed. Primo 70 lenses on digital cameras represent a new creative choice to the cinematographer, building on the Primo heritage and extending it into the future. Intrinsic characteristics of these new lenses include flat field, natural sharpness, minimal chromatic aberration, minimal breathing, excellent field illumination, and close focus performance. Other artistic traits include roundness, dimensionality, Pleasing skin tones, personality and good bokeh. Wider formats are currently in development.

PHILOSOPHY

Camera movment, that is what we are all about! You may not always see us on screen, but we have been here a long time... Since 1945 Chapman/Leonard Studio Equipment, Inc. has been supplying camera support equipment to various productions. From feature films, commercials, television series, music video to infomercials, Chapman has moved it, helping to create many of the memorable scenes we all know today!

All along, Chapman has been involved with camera movement. Chapman equipment, under the careful direction of the Director, Director Cinematography and Dolly Grip, has created moments of fear, impact, loneliness, confusion and many other emotions that camera movement can enhance for a scene.

Chapman is continuing to develop new and improved ways to move the camera, combining old techniques with new, it is our goal to accommodate the Director and Director of Cinematography in their creative process and obtain in image they want to etch on film.

We proud to celebrate over 50 years in camera support. We look forward to many new projects in the future and will continue our tradition of quality equipment.

原则

镜头移动，这是我们的机器，你不一定能在镜头上看到我们，但我们在这行业里已经从业很久，自从1945年以来，Chapman/Leonard Studio Equipment, Inc. 一直向不同产品提供摄影机支持设备。从电影、广告、电视连续剧，音乐电视到商品销售，Chapman一直在幕后提供支持，帮助拍摄人员拍出了许多我们至今难以忘怀的经典镜头。

Chapman一直参与摄影机运动。Chapman的设备在导演、摄影和移动摄影车助理的仔细指导下，创作了能由镜头移动制造的恐怖、惊人、孤独、迷茫的时刻，和许多其它感性场面。

Chapman继续开发新型，改良的方法来移动摄影机。通过将既有技术和新技术结合起来，Chapman的目标就是帮助导演和摄影在电影中排除他们所要的效果。

我们很荣幸能够庆祝从业50周年。我们期待未来的新计划，并将保持我们高水准的工作。

THE SUPERTechno 30		15,600
Telescopes during the shot, offering you the ability to film sequences difficult to achieve with any fixed length crane. The long reach of the SuperTechno 30 means you can put the camera anywhere in a 60' diameter without ever moving the dolly. That means you won't have to set up track to get your shot, saving you the price of the crane in time alone.	The SuperTechno 30 在拍摄时 可以远拍, 让您可以拍摄任何 在固定升降台上难以拍摄的场 面。SuperTechno 30 的远程拍 摄意味著您可以把摄影机放在 任何60呎半径以内的地方, 不 需移动摄影车的位置。这样您 就可以不必为了拍摄镜头而重 新设置推台, 节省您的时间。

1. For the purposes hereof Salon Films (H.K.) Limited is hereinafter called "The Owner".
2. The Hirer will indemnify the Owner against loss or damage to the equipment or any part thereof (fair wear and tear only excepted) from whatever cause arising and whether or not such loss or damage results from the negligence of the Hirer.
3. No liability shall attach to the owner either in contract or in tort for loss injury or damage sustained by the Hirer or any third party as a result of the presence or use of the equipment or any defect therein in the equipment whether such defect be latent or apparent on examination and in connection therewith the Hirer will indemnify the Owner against all claims and demands made upon the Owner.
4. The Hirer will not part with the possession or control of the equipment the subject matter of this Agreement without the consent in writing of the Owner.
5. The equipment the subject matter of this Agreement shall remain the property of the Owner and nothing contained in this Agreement shall confer or be deemed to confer any interest in the equipment on the Hirer.
6. The Hirer will keep the equipment free from any lien distress execution or other legal process.
7. The Hirer will permit any person authorised by the Owner at all reasonable times wherever the equipment may be to examine the condition of the said equipment.
8. The Hirer will be responsible for insuring the equipment during the continuance of the hiring against loss and/or damage by accident fire or theft to the current full replacement value thereof.
9. If the Hirer shall commit an act of bankruptcy or have a receiving order made against him or shall make any arrangement with his creditors or if distress shall be levied or threatened upon any of the Hirer's property or any Judgment against the Hirer shall remain unsatisfied for more than 14 days then this Agreement shall automatically and without notice determine and therefore the Hirer shall cease to be in possession of the equipment with the Owner's consent.
10. In the event of loss or damage to the equipment hired, the Hirer will pay to the Owner the costs and expenses of all such repairs or replacements as are deemed necessary by the Owner and in addition thereto the Hirer will pay rental, at the rate set forth, for such period of time as it takes to repair or replace the equipment in question.

RENTAL CONDITIONS

11. The Owner shall not under any circumstances be liable to make any payment to the Hirer in respect of or to indemnify the Hirer against and loss injury not damage sustained by the Hirer or by any third party as a result of the Owner providing the wrong equipment or equipment which breaks down or is defective in any way whatsoever and in collecting or taking delivery of the machinery the Hirer shall be deemed to have satisfied himself that the equipment is the equipment required and is in proper working order.
12. The Hirer shall take the equipment in the condition in which it is at the date of this Agreement and the Owner does not in any way represent or warrant that the equipment is of merchantable quality or suitable or fit for the particular or any purpose for which it is or may be required.
13. Any extension of hire must be arranged prior to termination of original hire. Extension of hire will only be possible if no prior bookings have been arranged.
14. Any damage to or malfunction of the equipment should be reported immediately upon the return of the equipment to the owner.
15. All equipment is serviced at termination of each hire, and the Hirer shall be entitled to test all equipment before accepting delivery.
16. All rental prices and/or specifications are subject to change without notice.
17. No relaxation, forbearance delay or indulgence delay in indulgence by the Owner in enforcing any of the terms and conditions of this Agreement shall prejudice, affect or restrict the rights and powers of the Owner hereunder nor shall any waiver by the Owner of any breach hereof operate as a waiver of any subsequent or any continuing breach hereof.
18. Rental equipment must be returned to Owner by 10:00 a.m. on the date following the last day of the rental period to avoid an extra full day rental charge.
19. The hire charge for equipment commences from the time equipment leaves the company's premises and is terminated at the end of the agreed hire period or when the equipment is returned there whichever is the later.
20. Where equipment is delivered and/or collected by the Owner, such delivery and/or collection is at the Hirer's risk and expense and the Hirer shall be liable for physical loss or damage to the equipment from the time the equipment leaves the Owner's premises until it is returned to the Owner's premises whether or not the equipment is being delivery or collected by the Owner or is in the custody of the Owner, its employee or agent.

SWISSJIB / CAMERACRANE FOR REMOTE HEADS

Camera crane for remote head applications with main arm of Carbon Fibre Composite.

The crane consists of 2 m elements (0.5ft) and can be extended up to 6 elements.

This leads to the following possible arm lengths:

2 / 4 / 6 / 8 / 10 / 12 m
 (6.5 / 13.1 / 19.7 / 26.2 / 39.4 ft)

There are two possible set-ups for the carbon fibre arm:

- 1) Carbon fibre arm only, up to 10 m (33ft) length.
- 2) Carbon fibre arm in conjunction with the bracing kit, for 8m (26ft), 10m (33ft) and 12 m (39ft) length and the advantage of higher stability and greater load capacities.
